eHOVERPRO™ SERIES

SLOPE MOWER

GO-ANYWHERE HOVER MOWERS, NOW WITH ZERO ENGINE EMISSIONS.

The eHoverPro offers the ideal solution to mowing areas where typical wheeled mowers aren't able to go and a high quality after cut appearance is desired.

Featuring a powerful 60V 2kW motor propelling a high capacity impeller and steel cutting blade for optimised hover and cutting capability, the eHoverPro provides the contemporary, zero engine emission solution to maintaining slopes and contoured surfaces up to 45-degrees.

Maximise commonality and battery investment, the eHoverPro is fully compatible with our extensive range of Flex-Force Power System™ tools, batteries and chargers to suit your specific needs.
