**IDEAL FOR** GARDENS UP TO 6,000 M<sup>2</sup>

### NO MORE ROCKY RIDES

Save your body from the toughest terrain and avoid slow mowing speeds with the MyRide suspension system. MyRide keeps you perched above the action, and any blows from your lawn are absorbed by the mower, not you.

### 6 BATTERY PORTS WITH 1 MISSION: MORE RUNTIME.

Our 6 port battery powerhead comes with 4 x 10 Ah batteries. Adding the optional fifth and sixth battery will boost runtime and allow you to mow up to 7,500 m<sup>2</sup> all on a single charge.

### ADJUST ON THE GO

Easily adjust the cutting height without having to stop with an easy to use lever or an optional Foot Lift Assist.

\* Battery manufacturer rating = 60V maximum & 54V typical usage. Actual voltage varies with load.
