

The Toro logo is a red rounded rectangle with the word "TORO" in white, bold, sans-serif capital letters. A registered trademark symbol (®) is located to the right of the word.The Revolution logo features the word "REVOLUTION" in a white, italicized, sans-serif font. The letter "V" is stylized with a blue swoosh that loops around it. A trademark symbol (™) is at the end of the word.A professional landscaper in a red shirt and grey cap is seen from behind, wearing a large black backpack power source. He is holding a long-handled trimmer tool. In the background, two other workers in red shirts are using leaf blowers on a paved walkway next to a modern building with large windows and a blue door. The scene is outdoors with green grass and trees.

# POWER FOR EVERY PROFESSIONAL

Revolution professional handheld products run on our 60V\* Flex Force Power System® and work with our entire line of Revolution commercial-grade handheld tools. The backpack, available as a power source for our leaf blower, string and hedge trimmers, is built for comfort and ready to keep jobs moving all day. It has the capacity for you to swap batteries, so when one battery is done, you're not. Our 60V power comes to you fast: just 50 minutes to charge our largest battery to 100% and easily outpacing the charging speed of larger, lower voltage batteries.

## REVOLUTION BACKPACK LEAF BLOWER

### Model 66200

- Comfortable, sturdy backpack with integrated handle, LED battery diagnostics and capacity to carry two batteries
- Interchangeable arm cannon or power tether
- Powerful blower, 1,240 m<sup>3</sup>/h (730 CFM) at 160 mph (257 km/h)\*\*
- Variable speed trigger with turbo boost and cruise control
- Included storage strap for compact footprint
- Powered by any 60V Max\* Flex-Force Battery
- Tool only; batteries and chargers sold separately

#### Revolution Blower Cannon

Boost mode <sup>1</sup>	37 min
High run time <sup>1</sup>	80 min
Peak run time <sup>1</sup>	330 min
Weight (bare tool)	7.9 kg (17.4 lb)
m <sup>3</sup> /h (CFM)**	1,240 m <sup>3</sup> /h (730 CFM)
Air speed**	160 mph (257 km/h)

## REVOLUTION STRING TRIMMER

### Model 66210T (Bare Tool)

- Rugged solid shaft design
- 40 cm (16") cutting width with 2.4 mm (0.095") line
- Bump-feed/easy-load head with increased line capacity and durability
- Rear-mounted, high-efficiency brushless motor
- Variable two-speed operation
- Powered by any 60V Max\* Flex-Force Battery
- Tool only; batteries and chargers sold separately

#### Revolution String Trimmer

High run time <sup>1</sup>	160 min
Peak run time <sup>1</sup>	240 min
Weight (bare Tool)	4.6 kg (10.1 lb)
RPM <sup>1</sup>	5,300/4,800

## REVOLUTION HEDGE TRIMMER

### Model 66220T (Bare Tool)

- 66 cm (26") bar with 3 cm (1.2") cut capacity
- Dual-sided cutting blades
- 180° rotating handle for vertical or horizontal cutting
- Top-side blade guard for operator protection and plant gathering
- Variable two-speed with 3,200/4,100 spm<sup>^</sup>
- Blade reverse mode for unsticking jams
- Class-leading run time: up to 600 minutes
- Powered by any 60V Max\* Flex-Force Battery
- Tool only; batteries and chargers sold separately

#### Revolution Hedge Trimmer

Peak run time <sup>1</sup>	600 min
Weight (bare tool)	4.2 kg (9.2 lb)
Strokes per minute <sup>1</sup>	4,100/3,200

### REVOLUTION BACKPACK

#### Model 66205T

- Removable battery system with capacity for up to two batteries
- Interchangeable arm cannon or power tether
- Comfortable and sturdy backpack system for all-day operation
- Integrated carrying handle
- Onboard LED battery diagnostics
- Powered by any 60V Max\* Flex-Force Battery
- Tool only; batteries and chargers sold separately

### REVOLUTION POWERLINK TETHER

#### Model 66005

- Keeps your backpack power source connected to your handheld tools.
- Removes battery weight from tools: faster work and less fatigue.
- Doubles handheld tool battery capacity so you always have power at hand.

### 60V MAX\* 10 AH BATTERY

#### Model 68810

- 33% more capacity than current largest 60V battery
- 10 Ah battery is interchangeable in all Revolution 60V tools
- Easily removable and can be quickly swapped to refuel tools
- Integrated carrying handle
- Increased over-mould for ruggedisation and drop resistance
- Weighs 3.7 kg (8.2 lb)

### 60V MAX\* 6-POD CHARGER

#### Model 66560

- 12 amp rapid charger
- 6-pod capacity
- Can charge any combination of 60V Flex-Force batteries
- 2 charge modes
- Sequential rapid mode can charge a single 10 Ah battery in 50 minutes (7.5 Ah in 38 minutes)
- Standard equal mode slowly brings all batteries up to full charge collectively

Specifications subject to change without notice and without incurring obligation. Products depicted on this sell sheet are for demonstration purposes only.

Actual products offered for sale may vary in design, required attachments and safety features.

\* Battery manufacturer rating = 60V maximum and 54V typical usage. Actual voltage varies with load.

\*\* Up to 1,240 m<sup>3</sup>/h (730 CFM) Max and 160 mph (257 km/h) Max on turbo boost. Performance claims based on controlled laboratory testing.

<sup>1</sup> Based on 2 x 10 Ah batteries, at low speed in controlled laboratory testing of product. <sup>^</sup> Based on 10 Ah battery, at low speed in controlled laboratory testing of product.
